**GENERAL CORRESPONDENCE**

**TORONTO PUBLIC LIBRARY BOARD MEETING – March 23, 2015**

---

It is recommended that the Toronto Public Library Board:

1. directs, on a one-time basis, that the Budget Committee, in consultation with other Board committees, as appropriate, considers the request from the Auditor General and reports back to the Board on its recommendations regarding Communication (a) from Beverly Romeo-Beehler, Auditor General, City of Toronto to the Chair, Toronto Public Library Board, dated January 29, 2015.

Background Information:

Every five years, the Auditor General performs a detailed risk assessment of the operations of the City and those major agencies and corporations included in their mandate. The purpose of the risk assessment is to ensure that all significant areas of the City are evaluated from an audit risk perspective by using uniform criteria and quantitative evaluations to identify areas that may warrant audit attention. Based on the Auditor General's responsibility to conduct audits as specified in Toronto Municipal Code, Toronto Public Library is not included in their risk assessment process.

On January 29, 2015, Beverley Romeo-Beehler, Auditor General, wrote to the Library Board Chair offering to provide an independent risk assessment for Toronto Public Library. The risk assessment process will pose a significant workload challenge as it will require Toronto Public Library staff to gather and create a significant amount of data and assess its status and importance, and review and evaluate most of its policies, in almost every aspect of Toronto Public Library's operations.
