SUBJECT: Toronto Public Library Advertising Campaign

The TPL's Current Advertising campaign as displayed on Posters in Bus shelters , Highlights the fact that the TPL is now offering E-Books & Magazines which can be downloaded from its Web-site .

The Poster states in very large font { 40 centimeters high and about the same across } that this Government provided service is " FREE"

This statement by the TPL is not True, it is in fact a Lie. Nothing is FREE, least of all any & all services or goods provided by the Government. Everything must be paid for. The money pay for all Government Services comes from the Tax's paid by the Common people of this Great City of Toronto .

The 3 Iron Laws of Municipal Government state The Taxpayers pay The Taxpayers always pay The Taxpayers always pay for everything .

This being the undoubted Truth, The Bureaucracy cannot & must not be allowed to state otherwise.

I therefore petition the Board of the TPL, to use it's full Lawful authority to order the TPL Bureaucracy to cease & desist in telling this particular Lie , in any current & future advertising campaigns.

I Further Petition the Board to use its full lawful authority to order the TPL Bureaucracy to tell the Truth , the whole Truth, & nothing but the Truth in any future Advertising .

I would be so bold as to suggest this wording for speaking this sublime Truth " All services provided by the Toronto Public Library are paid for by Tax's imposed upon the Income earned by the Blood,Sweat & Tears of the Common Working People of this Great City of Toronto"

The Truth shall make us Free.

With Respect
