Chairman of Toronto Public Library  
Michael Foderick

Good Afternoon,

My husband and I have been sending our daughter Maria to S. Walter Stewart Library for the last couple of years to an array of their weekly activities and programs that they provide for the children in the community. We would like to THANK YOU to the library staff and librarian- they are doing absolutely amazing job and wonderful.

Both my husband (a surgeon at East General Hospital- the community hospital in East York) and I, as well as my in-laws (who are both teachers and currently a superintendent), are very impressed with the services. We have all been there and have experience the libraries resources and cannot say enough about them.

The programs are organized, full of educational activities and crafts, and immersed in the children's needs. They provide all the tools necessary that day for the children as well, and at no cost. The library is always clean and well maintained and full of resources for the children.

Daniel Colangelo (the librarian) is one of the best I have seen. He is so attentive with the children, and ever so gracious and knowledgeable. He should definitely be given credit for his hard work and experience. My daughter always asks to see him when she is there, which says a lot coming from a 3.5 year old and has made both an impression with her and my family. When she comes home from the library, she is happy and full of stories of what a wonderful time she has had . She always mentions that she cannot wait to go back. The programs that Daniel Colangelo teaches are of the highest quality.

Again, thank you S. Walter Stewart, and especially to Daniel Colengelo, for all the hard work. It does not go unnoticed.

Thank you  
Dr. Georgia Palantzas
