Dear Ms. Gallagher-Ross:

I would like to extend my sincere gratitude for your dedication during your time as Chair of the Toronto Public Library Board.

The Toronto Public Library is the world's busiest urban public library system with more than 16 million people visiting our 99 branches each year. Your years of experience as an educator and author coupled with your commitment to public libraries provided strong leadership to the Board and its members. I trust your continuous dedication will help Toronto's libraries continue to flourish as the busiest and best public library system in the world.

Please accept my best wishes and I thank you again for all of your hard work.

Yours truly,
