Dear Nancy,

I understand the
morningside branch of the library
is to be closed March 2005. The
new one at Heron Park not to be
opened for at least a year.

This is a very high
density area, a catholic school, a
high school & three public schools
all within walking distance. Plus
a lot of seniors (of which I am
one) who do not drive.

I am asking if
consideration could be given to
either leave the branch open
until new one completed. Or
a bookmobile visit some

location. Thank you for

whatever you can do

Yours sincerely

Joan Sweny
