Re: Translation and other accessibility tools to increase the usage of the Toronto Public Library website

Dear Fellow Library Board Members,

The City of Toronto's website includes translation tools to accommodate the many different languages spoken by Toronto residents. I believe that introducing language and other accessibility tools will add value to the Toronto Public Library website increasing its usage.

I am writing to ask you support the following motion.

Recommendations:

1. The Chief Librarian report back to the Toronto Public Library Board on translation and other accessibility tools to increase the usage of the Toronto Public Library website to accommodate the many languages utilized by our library patrons.

Sincerely,

Councillor Paul Ainslie
