Re: City of Toronto Intranet site

Dear Fellow Library Board Members,

The City of Toronto's secure website for city employees contains links and information enabling employees to gain access to information pertaining to their place of employment. I believe that this site has valuable information for Toronto Public Library employees as well.

The information on the city's intranet provides all employees a vehicle to navigate through the City of Toronto's services and municipal information including links to the Toronto Public Library.

I am writing to ask you support the following motion.

Recommendations:

1. The Toronto City Manager direct Information Technology staff to make available to Toronto Public Library staff access to the City of Toronto Intranet site.

Sincerely,

Councillor Paul Ainslie
