

**STAFF REPORT
ACTION REQUIRED**

Naming New Branch – 3755 Bloor Street West

Date: January 26, 2026

To: Toronto Public Library Board

From: City Librarian

SUMMARY

A new library branch is being built in the Bloor-Kipling area of Etobicoke, located at 3755 Bloor Street West. The library branch will be located within the new Etobicoke Civic Centre, a mixed-use building with a community centre, library, community Council Chambers and municipal offices. The purpose of this report is to recommend approval of the name as Etobicoke Civic Centre branch.

The anticipated opening of the library branch will take place in late 2028/early 2029. A name must be assigned to the new branch early in the construction, as the branch name affects many components of the capital project such as the development of collections, cataloguing and how the branch is identified within our various library databases. Being based on geographic location, the recommended name complies with the Toronto Public Library's Naming Policy which outlines the protocol and preferred names for Toronto Public Library branches, rooms, programs and collections.

RECOMMENDATIONS

The City Librarian recommends that the Toronto Public Library Board:

1. approves Etobicoke Civic Centre as the name for the new library branch located at 3755 Bloor Street West.

FINANCIAL IMPACT

There is no financial impact beyond what has already been approved in the current Capital budget.

The Director, Finance & Chief Financial Officer has reviewed this financial impact statement and agrees with it.

ALIGNMENT WITH STRATEGIC PLAN

The opportunities identified in this report support the 2025-2029 Strategic Plan priority of Shared Community Spaces by accelerating enhancements of our physical spaces to ensure that Torontonians have access to up-to-date multi-use library spaces that cater to diverse needs in every neighbourhood in the city.

EQUITY IMPACT STATEMENT

TPL's Equity Statement outlines the library's commitment to creating and maintaining work and public service environments where everyone is welcomed, included and supported, and that are grounded in tolerance and mutual respect, so that library customers, stakeholders, staff and the public can freely and equitably access or deliver library services, which meet the changing needs of Torontonians. The naming opportunities presented in this report have been considered in alignment with TPL's Naming Policy and Equity Statement.

DECISION HISTORY

At its [March 24, 2025 meeting](#), the Toronto Public Library Board approved TPL's updated [Naming Policy](#).

ISSUE BACKGROUND

TPL's [Naming Policy](#) requires that names for library branches be approved by the Board. The policy identifies that the Library will give priority to naming its buildings after their geographic location, either the community or the street location where they are situated. Alternatively, the Policy states that consideration will be given to naming, where appropriate, after the type of service or function offered at that branch; in exceptional circumstances, consideration will be given to naming a branch after an individual whose contribution to the Library or the City of Toronto, is well documented and is widely recognized and valued.

Toronto Public Library established the practice of naming its branches for their geographic locations when it opened its first branch, Northern, in 1884 in what was the northern part of the city. Since then, the majority of branches have been named for their geographic location. The naming of branches after the geographic location provides a sense of place and identity for the branch, as well as provides a clear indication of the location to make it easy for customers to find the branch.

COMMENTS

The new library branch in Etobicoke will be located at 3755 Bloor Street West within the new Etobicoke Civic Centre (formerly the Westwood Theatre Land). The Etobicoke Civic Centre will be a mixed-use building comprised of municipal offices, Council Chambers, community gathering spaces, childcare centre, library, public health clinic and recreation centre, designed to support and engage all residents of Etobicoke regardless of age, gender, culture, ability, and social standing by creating a sustainable, dynamic, inviting, and friendly environment.

The anticipated opening of the library branch will take place in late 2028/early 2029. A name must be assigned to the new branch early in the construction, as the branch name affects many components of the capital project such as the development of collections, cataloguing and branch is identified and various library databases.

In accordance with the [Naming Policy](#), Etobicoke Civic Centre is the recommended name for the new branch as it indicates the geographic location and community where the branch will be situated. The name is also consistent with the approach

for other branches co-located in municipal buildings such as the Scarborough Civic Centre branch and the City Hall branch. The local councillor has been consulted and is in agreement with this name.

The new library branch will measure approximately 27,211 square feet. It will have a collection size of up to 100,000 items with zoned areas for adults, children and teens, as well as:

- a Digital Innovation Hub
- a studio space
- an interactive early literacy centre (KidsStop)
- a Youth Hub
- a dedicated program space
- flexible spaces for co-working, studying, relaxing and connecting with the community
- options for study and seating
