

D. H. RITCHIE COLLECTION

The collection consists of 21,586 film negatives, chiefly Toronto streetscapes, taken from 1967 to 1988 by Donald Hetherington Ritchie (Canadian, b. 1918) with the exception of 620 negatives with the prefix RD which are views of the Borough of York taken in 1967 by Donald Kennedy. The negatives are either 2½" x 2½" or 2½" x 2 3/4". RA 1 to 213 are views taken in 1967. Views from the same vantage points were taken in 1977-78 (RJ 1 to 213) and again in 1987-88 (RK 1 to 213), both groups following the original roll numbers.

The few views outside Toronto are listed first, followed by Toronto views that are not streetscapes. The main part of the list is arranged alphabetically by the name of the street chiefly shown in each view, often subdivided by cross-street, and then by date. "Near" a cross-street is within a block or so, not every cross-street being mentioned. Cross-streets are arranged from south to north or east and west from Yonge Street.

Only the group and roll number (e.g. RA 2) is given. Contact sheets, lists and maps are available to identify specific negatives (e.g. RA 2.10). Sometimes a "roll" has been made of frames from various rolls.
